Legend

In the beginning there was Uctred an Anglo Saxon. There is a strong possibility that Uctred, Camel, Robert & William de Merclesden were the forefathers of Peter, Richard, Osbert, Urieth & Elias, but there is no documentary evidence to support this fact. The possibility is supported by the fact that Peter and his brothers inherited the lands, originally owned by the de Lacy family, after Williams death. Peter was chaplain to the de Lacy family of Clitheroe.
